Subject: Underground Storage Tank Closure, Oakley, Route 2,  
Eden, Rockingham County

Dear Mr. Oakley:

On February 20, 1990, we received the soil sample results and closure assessment from the underground storage tank (UST) closure at the subject location. As the implementing agency for both the State and Federal Underground Storage Tank Programs, we have determined from review of your assessment that the UST system has been closed in accordance with NCAC Title 15A Subchapter 2N Sections .0802 and .0803 and 40 CFR 280.71 and 280.72. However, this does not absolve you of any responsibility for contamination that may not have been detected during the site assessment.

If you have any questions, please feel free to contact me at the letterhead address or telephone number.

Sincerely,

Thomas A. Salley
